

## **Dutty Moonshine Big Band Hospitality**

Often the big band is accompanied by film crew, managers, drivers, engineers etc please make sure all of the touring company have access to the same areas as the artists.

Please provide a lockable dressing room large enough for 14 people. Or two if one is not large enough. The dressing room should have power points and Wi-Fi.

The dressing room to be made available on arrival and for the duration of the bands stay on the day of the performance.

### **Drink Rider**

To be in our dressing room on arrival. PLEASE NOTE drink tokens will not be acceptable. Seems like a lot of booze...we're a big ass band, divide the numbers by 14.

42 x Cans premium lager (NOT Stella)

14 x Cans premium cider (not Strongbow)

1 x Bottle of premium dark rum

4 x Bottles of prosecco

28 x Bottles of water (not Nestle) and another 14 x bottles to be provided on stage

8 x cans of lemonade/sprite

8 x cans of energy drink

Tea and coffee making facilities with 14 mugs

14 x small towels

### **Food Rider**

A hot meal to be provided for 14 people. This is important.

If we're touring/festival we're bored of eating service station food, so no Ginsters pasties etc.

If we're playing clubs we've missed dinner due to sound checks.

We're not too fussy so a bunch of pizzas from the local kebab place is often fine. Please check with Michael Rack about this before booking anything.
