# Production Rider

Summer 2022

On receipt of this rider, please send through a copy of the venue's production spec to the Tour Manager. This document should be used as a point of reference for anything to do with our show. Please let us know well in advance if you are unable to fulfil ANY part of this rider so that we can negotiate and make provisions. Please print duplicates of the channel list and stage plot for the house sound engineers.

## ARRIVAL

Please ensure the stage is clear, with risers (where available) and power drops prepared before load in (specifics below). All house equipment should be fully set up and in suitable, good working order. Please ensure house sound and lighting engineers are present from load in.

## SOUND

Please note that the band's set is loud and sub driven, if you have noise restrictions you must WARN US IN ADVANCE.

## MONITORS

### Please provide:

- 1x Full range fill for the DJ – Up stage centre
- 1x Sub fill for the drummer.

### WE PROVIDE:

IEM:

- 5x RF Sennheiser **(provided by the band)**
- 5x Hard wired – we have a case next to the horn section stage left with 10x female XLR tails **(provided by the band)**
- 1x Hard wire to the drummer's mixer **(provided by the band)**.

### MONITOR MIXES:

Monitor Mix	Member	Instrument	RF / Hardwire
1	Shiv / MARIA	Vocal	RF1
2	Mike	Vocal	RF2
3	Ben	Vocal	RF3
4	Leo	Keys / Trumpet1	RF4
5	Simon	Trumpet 2	RF5
6	Binge	DJ	Full Range Fill - Up stage centre
7	Chris	Drums	Hardwire to mixer, & Sub fill - Up stage Right
8	Jesse	Tenor Sax / Flute	Hardwire (to horns mon box)
9	Charlie	Alto Sax	Hardwire (to horns mon box)
10	Pete	Baritone Sax	Hardwire (to horns mon box)
11	Dan	Trombone	Hardwire (to horns mon box)
12	Michael B	Sousaphone	Hardwire (to horns mon box)

## **POWER**

1x 13A, 1 gang drop (as per stage plot)  
3x 13A, 4Gang drops (as per stage plot)

## **STAGE & RISERS**

Please provide the following risers (as per stage plot):

1x 8'x 8' on 2' legs (for drummer - Up stage right)  
1x 8'x 4' on 1' legs (for DJ – Up stage centre)

The top of the sousaphone will be at 2.9M. Please let us know if this will be an issue for your stage height clearance.

## **LIGHTING**

Please provide a lighting rig that is appropriate for the size and scale of the show. We are NOT traveling with a lighting engineer.

## **CHANGEOVER**

**DMBB requires a 45-60 minute changeover before going on stage.**

## **PASSES**

Please provide AAA passes for the DMBB touring party including band members, crews and guests.

## **CROWD BARRIER**

Please provide adequate crowd barriers for the size of the show.

## **BACKSTAGE, HOSPITALITY & CATERING**

For hospitality rider, please see document provided by the booking agent.

And also please provide:

- 12 Clean towels
- And ironing board and iron

31		Ben	SM58	Stand	N
32		Spare Vocal	SM58		N

### IMPORTANT:

Please be aware that if any Horn players are unable to attend the show, their parts will be played via a backing track multitrack player, provided via a passive DI box that we provide, via the DJ (Up stage centre). They will therefore appear in the same channels, as if they are present.

We will say which players are missing on arrival.
