

Jonnie Common - tech spec (solo)

contact : 07841 473 521 / jonniecommon@gmail.com

1	sampler / drum machine / laptop submix L
2	sampler / drum machine / laptop submix R
3	laptop bass
4	bass synth (via linked bass amp if available)
5	drum machine kick
6	vocal mic
7	guitar amp
	Thank you!

n.b.

Jonnie takes a feed from the mic for occasional fx processing in the sampler.

As a result, some dry vocal signal will end up in the submix at times.

The house mic channel gets it's dry signal as usual.

ch 1-5 all 1/4" mono jacks

ch 3 + 5 can be added to submix if house inputs are limited
